These size charts are meant as a guide, the best way to properly fit any of these items is to try them on.

For 2011 we have completely redesigned the fit of our pants and our jerseys. Many of you asked for a larger more roomy fit so we listened these size charts reflect our newly designed roomier fit from the 2010 line.

The Crusade pant is even a bit larger and can accommodate up to 2" larger waist than the chart above even indicates so if you are a borderline size you can try up or down and decide which size fits you best.
